

DAX Copilot Behavioral Health Provider Expansion

WHEN: Monday, August 25, 2025

WHERE: The change will affect the following venue(s):

- Ambulatory

At the following NLH Member Organization(s):

- NL Acadia Hospital

WHO: The change will affect the following staff at the above noted locations:

- Behavioral Health Providers
- Integrated Behavioral Health

WHAT: DAX Copilot is an AI-powered solution that automatically generates clinical documentation from in-person or telehealth patient encounters and delivers clinical notes through Dragon® Medical One, while streamlining documentation and allowing clinicians to focus more on patient care.

DAX Copilot Visit Types

- BH Consult Psychiatric Eval Follow Ups
- Integrated Behavioral Health Initial and Follow Up Appointments

NOTE: DAX Copilot has an optimal recording time of 45 minutes. An additional 30 minutes of recording time is available; however, this segment will be transcribed only and will not be included in the summary.

WHY: Behavioral Health providers will use DAX Copilot for follow-up evaluations for in-person or telehealth encounters.

NOTE: A headset cannot be used for Telehealth when using DAX Copilot.

Education Resources

NOTE: An email will be sent by **Health Informatics Education and Training Team** to complete required DAX Copilot training videos.
