Behavioral Health Staff

All Ambulatory & Inpatient Care Areas

Dahl Chase Molecular Pathology Order Updates

WHAT: The Dahl Chase Molecular Pathology order will be split into two new orders, one for blood and one for bone marrow. **Dahl Chase Molecular Pathology Blood** will be a PowerPlan and link a CBC order to be placed with it and **Dahl Chase Molecular Pathology BM** will be a single line order.

WHY: The update is occurring at the request of Dahl Chase.

WHEN: **Tuesday, April 1, 2025**

WHERE: **The change will affect the following venue(s):**

- Acute/Inpatient (to include ED & Peri-Op)
- Ambulatory/WIC

At the following NLH Member Organization(s):

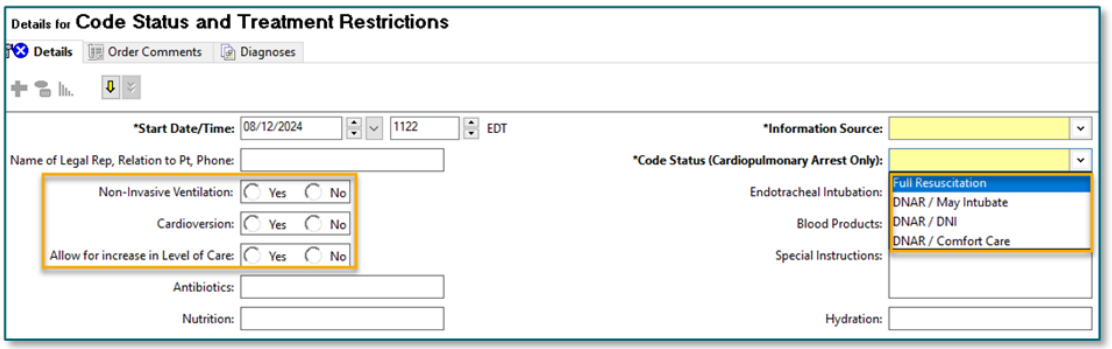
- All NLH Member Organizations (excluding Mayo)

WHO: **The change will affect the following staff at the above noted locations:**

- Providers

Code Status and Treatment Restrictions Updates

WHAT: **Code Status and Treatment Restrictions Terminology** and **Icons** for FirstNet LaunchPoint, Capacity Management, CareView, and Roomlink will be updated to decrease confusion with new terminology and icons to better identify the patient's code status.



Updated Language	Old Language
Full Resuscitation	Attempt Resuscitation/Full Treatment
DNAR/May Intubate	DNAR/Full Treatment
DNAR/DNI	DNAR/Selective Treatment Restrictions
DNAR/Comfort Care	DNAR/Comfort-Focused Treatments

WHY: Adding new icons for quick visual identification and updating the order terminology will reduce confusion and help identify the patient's wishes more easily.

WHEN: **Tuesday, March 25, 2025**

WHERE: **The change will affect the following venue(s):**

- Acute/Inpatient (to include ED & Peri-Op)
- Ambulatory

At the following NLH Member Organization(s):

- ALL NLH Member Organizations (Excluding NL Mayo)

WHO: **The change will affect the following staff at the above noted locations:**

- Clinical Staff
- Providers

Inpatient Only

BH Child and Adolescent Intake PowerForm Update

WHAT: The **Advance Directive** and **Psychiatric Advance Directive** sections will be **added** to the **BH Child and Adolescent Intake PowerForm** used at Admission.

Inpatient Pediatrics

The **Surrogate name and contact number** should be documented in **both** the Advance Directive and Psychiatric Advance Directive sections.

NOTE: For a pediatric patient, the Surrogate decision maker would be the same person signing the Medication Consents.

Inpatient Adult

These sections are currently in the BH Intake Assessment Adult form.

WHY: NL Acadia Hospital participates in **The Inpatient Psychiatric Quality Facility Reporting (IPFQR) CMS Program** which requires that **patients of all ages** are asked at admission if they have a **Surrogate decision maker and/or Advance Care Directive/Psychiatric Advance Care Directive,** and if not, the patient is offered information on these topics, or a declination is documented.

WHEN: **Wednesday, March 26, 2025**

WHERE: **The change will affect the following venue(s):**

- Acute/Inpatient

At the following NLH Member Organization(s):

- NL Acadia Hospital

WHO: **The change will affect the following staff at the above noted locations:**

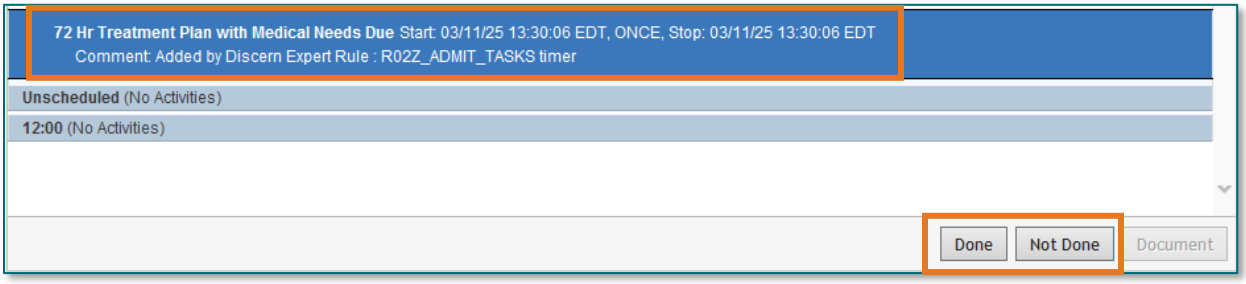
- Nursing Staff

New CareCompass Task

WHAT: A task will fire to **CareCompass 48 hours after admission** indicating the 72-Hour Treatment Plan with medical needs is due.

- **Task name:** "72 Hr Treatment Plan with Medical Needs Due"
  - Select Done/Not Done

NOTE: At 72 hours from admission, this task will turn red and show as overdue



WHY: To meet regulatory requirements, the task will prompt nursing staff to complete the medical needs in the Treatment Plan, which is due within 72 hours of admission.

WHEN: **Monday, March 31, 2025**

WHERE: **The change will affect the following venue(s):**

- Inpatient

At the following NLH Member Organization(s):

- NL Acadia Hospital

WHO: **The change will affect the following staff at the above noted locations:**

- Nursing Staff

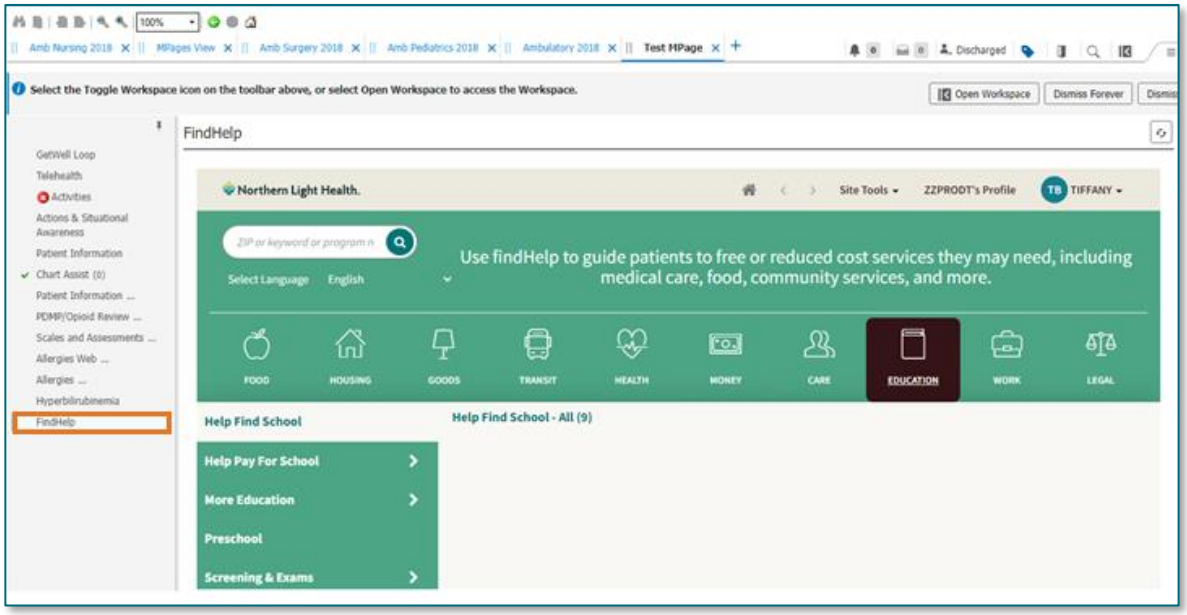
Care Managers

Ambulatory Only

FindHelp Update

WHAT: FindHelp will be added to the following workflow MPages:

- AMB Care Management: Active Case MPage
- Ambulatory Nursing Workflow
- ED Nursing Workflow
- Nurse Discharge Workflow
- WIC Nurse MPage



WHY: This addition is to gain more exposure to the FindHelp platform by placing it within the staff workflows to assist patients with barriers they may have.

WHEN: **Thursday, March 20, 2025**

WHERE: **The change will affect the following venue(s):**

- Acute/Inpatient (to include ED)
- Ambulatory/WIC

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo and Acadia)

WHO: **The change will affect the following staff at the above noted locations:**

- AMB Care Manager
- LPN
- MA
- RN

Ortho Total Joint Replacement Post-op PowerPlans and CareCompass Tasks Updates

WHAT: The following Ortho Post-op PowerPlans will be updated to include **Musculoskeletal Checks**, which will flow to CareCompass as tasks for assessment and documentation.

- **ORTHO Foot & Ankle Post-Op**
- **ORTHO Total Joint Replacement Post-Op**
- **SURG Spine Post Op**

WHY: These updates will ensure required regulatory documentation is being captured appropriately.

WHEN: **Tuesday, March 25, 2025**

WHERE: **The change will affect the following venue(s):**

- Acute/Inpatient (to include ED & Peri-Op)

At the following NLH Member Organization(s):

- All NLH Member Organizations (excluding Acadia & Mayo)

WHO: **The change will affect the following staff at the above noted locations:**

- Nurses

Peri-Op Only

Perioperative Clinically Driven Charge Capture (ARG Only)

WHAT: Recovery nursing staff will document in the **Acuity Level Segment** if applicable. Click here for flyer access. Also, included will be procedural charges for endoscopy.

WHY: The **Acuity Level Segment** in the post operative phase in Perioperative Documentation will include three base acuity levels. Accurately documenting the acuity levels of care in the PACU and Post Op Phases will help capture recovery charges. Additionally, the documentation will also show how the patient is progressing during the recovery phase after anesthesia.

WHEN: **Monday, March 24, 2025**

WHERE: **The change will affect the following venue(s):**

- Peri-Op Only

At the following NLH Member Organization(s):

- NL AR Gould

WHO: **The change will affect the following staff at the above noted locations:**

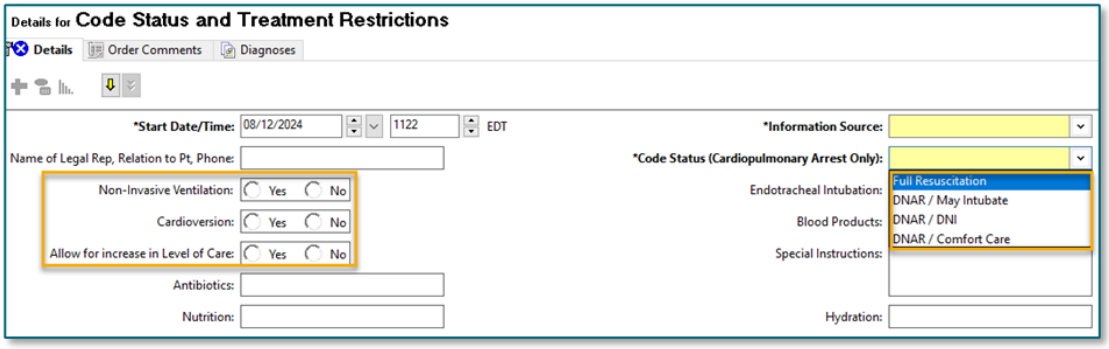
- DSU Nurses
- PACU Nurses

Nursing, CNA, Medical Assistants

All Ambulatory & Inpatient Areas

Code Status and Treatment Restrictions Updates

WHAT: **Code Status and Treatment Restrictions Terminology** and **Icons** for FirstNet LaunchPoint, Capacity Management, CareView, and Roomlink will be updated to decrease confusion with new terminology and icons to better identify the patient's code status.



Updated Language	Old Language
Full Resuscitation	Attempt Resuscitation/Full Treatment
DNAR/May Intubate	DNAR/Full Treatment
DNAR/DNI	DNAR/Selective Treatment Restrictions
DNAR/Comfort Care	DNAR/Comfort-Focused Treatments

WHY: Adding new icons for quick visual identification and updating the order terminology will reduce confusion and help identify the patient's wishes more easily.

WHEN: **Tuesday, March 25, 2025**

WHERE: **The change will affect the following venue(s):**

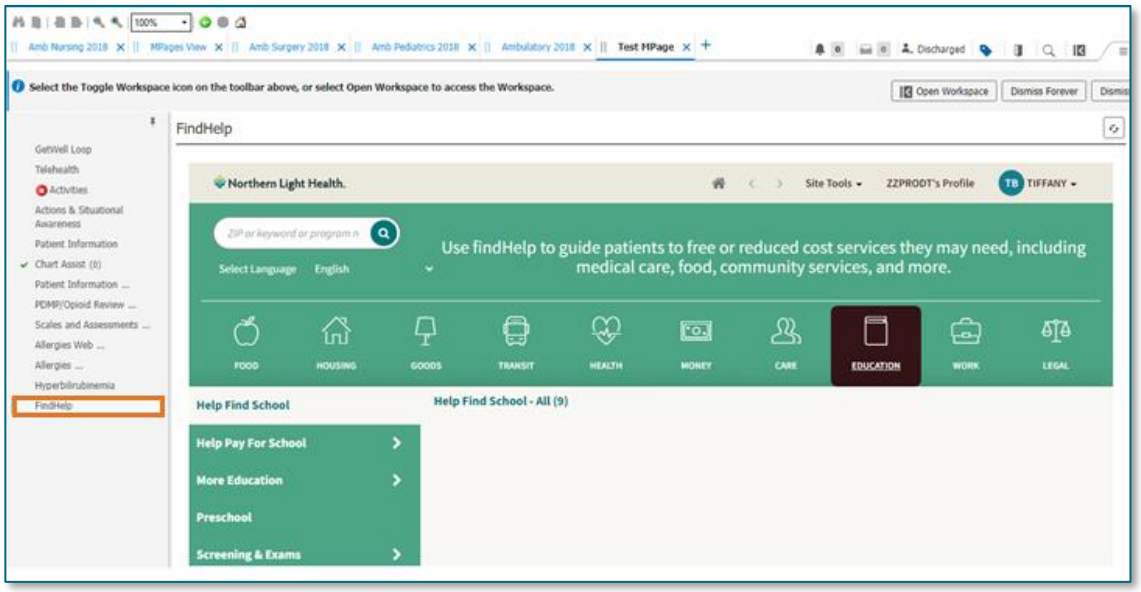
FindHelp Update

WHAT: FindHelp will be added to the following workflow MPages:

- AMB Care Management: Active Case MPage
- Ambulatory Nursing Workflow
- ED Nursing Workflow
- Nurse Discharge Workflow
- WIC Nurse MPage



WHY: This addition is to gain more exposure to the FindHelp platform by placing it within the staff workflows to assist patients with barriers they may have.

WHEN: **Thursday, March 20, 2025**

WHERE: **The change will affect the following venue(s):**

- Acute/Inpatient (to include ED)
- Ambulatory/WIC

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo and Acadia)

WHO: **The change will affect the following staff at the above noted locations:**

- AMB Care Manager
- LPN
- MA
- RN

Inpatient/ED Only

Cerner Patient Observer (CPO) Camera Downtime

WHAT: **Virtual Observation Cameras are being Upgraded**

- Cameras will be upgraded one at a time.
- During the camera upgrade, the **cameras will be out of service for 10 -15 minutes** and the patient will not be able to be observed by the CPO staff during this time.
- The CPO staff will notify the nurse when their patient's camera will be offline during the upgrade and again when it is back online.

WHY: **Cerner Patient Observer is being upgraded to level 2.9.** The **cameras** and **Central Monitoring Stations** will be upgraded, bringing new functionality, increasing automated communication to the Cerner Patient Observer technician and efficiency in their workflow.

WHEN: **Tuesday, March 25, 2025**

WHERE: **The change will affect the following venue(s):**

- Acute/Inpatient (to include ED)

At the following NLH Member Organization(s):

- All NLH Member Orgs (excluding Acadia & Mayo)

WHO: **The change will affect the following staff at the above noted locations:**

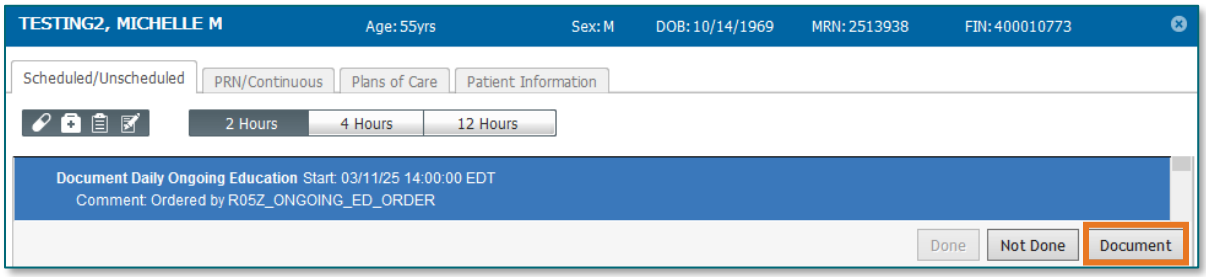
- Nursing

Document Daily Ongoing Education CareCompass Task Update

WHAT: The **CareCompass task** to **Document Daily Ongoing Education** will no longer be a Done/Not Done task. When nursing selects **Document**, the task will open to the applicable education iView band for the patient.

- **Adult Education** Interactive View and I&O band will open in Activity View for adult **Med/Surg** and **Critical Care patients**.

- **OB Education** Interactive View and I&O band will open in Activity View for **OB patients**.
- **Pediatric Education** Interactive View and I&O band will open in Activity View for **pediatric** and **PICU** patients.
- **Newborn-Neonate Education** Interactive View and I&O band will open in Activity View for **newborn nursery** and **NICU patients**.



NOTE: There cannot be duplicate documentation fields in Activity View. e.g., Ed-Bathing is located in Adult Education Activities of Daily Living and Skin and Wounds Education sections. In Activity View it will only be located in Activities of Daily Living.

WHY: Documenting education from the CareCompass task increases efficiency in charting.

WHEN: **Monday, March 31, 2025**

WHERE: **The change will affect the following venue(s):**

- Acute/Inpatient

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo and Acadia)

WHO: **The change will affect the following staff at the above noted locations:**

- Nursing

Peri-Op Only
