Use of Auto Text for NLH AI Consent

WHEN: **Effective Immediately**

WHERE: **The change will affect the following venue(s):**
- ED Only

At the following NLH Member Organization(s):
- NL AR Gould Hospital
- NL Blue Hill Hospital
- NL CA Dean Hospital
- NL Maine Coast Hospital
- NL Mayo Hospital
- NL Sebasticook Valley Hospital

WHO: **The change will affect the following staff at the above noted locations:**
- TeamHealth ED Providers

WHAT: The performing provider is responsible for ensuring that the NLH-approved AI consent auto text is included in the patient record. When utilizing **Cleo Health**, ED providers must incorporate the approved consent statement into their documentation. **Prior to signing the ED Note, Cleo Health users are required to remove any automated AI consent statements that may have been included via Cleo and manually** *insert* **the approved NLH auto text consent.**

NLH Approved Consent Auto Text

The **/aiconsent*** auto text will populate the following approved consent statement:

- "The content of this note was generated using the assistance of Artificial Intelligence (AI) technology. At the start of this visit, the patient was informed of its use and was given the opportunity to decline its use. The patient did not object."

NOTE: Avoid use of any additional disclaimers. The provider has ultimate accountability for accuracy of content.

WHY: NLH Compliance office requires specific consent content to be included in notes created using AI Scribe solutions.

HOW: **/aiconsent***

- Prior to finalizing the ED Note, use the **/aiconsent** auto text to populate the approved AI consent.

NOTE: It is recommended to insert the AI Scribe consent in the History of Present Illness (HPI) section, positioned before the clinical content.

PLEASE NOTE: This mailbox is not monitored.
