EHR Updates

Week of October 9 – October 15, 2025

Behavioral Health Staff

Ambulatory Only

PowerForm Update: Pregnancy Status & Pregnancy Intention – *effective 10/20/25*

WHAT: To improve consistency and data quality across clinical documentation, the **Pregnancy Status** field in Adhoc forms will be updated to reflect a standardized nomenclature. The change ensures alignment with clinical best practices and reporting requirements.

Additionally, a new field, **Pregnancy Intention**, will be introduced. The field will capture the patient’s reproductive goals and intentions, supporting more personalized and proactive care planning.

Pregnancy Status

- Will use a standardized terminology:

Current:

Pregnancy Status
<input type="radio"/> Patient denies
<input type="radio"/> Possible unconfirmed
<input type="radio"/> Confirmed positive

New:

Pregnancy Status	
<input type="radio"/> Unknown	<input type="radio"/> Currently pregnant
<input type="radio"/> Not pregnant	
<input type="radio"/> Possible pregnancy	

Pregnancy Intention

New:

Pregnancy Intention (ref)
<input type="radio"/> Not sure of desire to become pregnant
<input type="radio"/> Ambivalent about becoming pregnant
<input type="radio"/> No desire to become pregnant
<input type="radio"/> Wants to become pregnant

WHY: These updates are being implemented to ensure compliance with regulatory requirements and to maintain Oracle’s certification as a **Certified Electronic Health Record Technology (CEHRT)** system. Aligning with these standards is essential for continued system integrity and regulatory readiness.

WHEN: Monday, October 20, 2025

WHERE: The change will affect the following venue(s):

- Acute/Inpatient (to include ED & Peri-Op)
- Ambulatory/WIC

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo)

WHO: The change will affect the following staff at the above noted locations:

- All Clinical Staff

PowerForm Update: Sexual Orientation & Gender Identity – effective 10/20/25

WHAT: The **Social History** section of all Adhoc forms has been updated to include two additional response options under the **Self-described Sexual Orientation** question, located in the **Sexual Orientation and Gender Identity**. The enhancement promotes more inclusive and comprehensive data collection.

Sexual Orientation and Gender Identity

The screenshot displays the 'Social History' section of an EHR form. A red banner at the top reads '**Secondhand Smoke Recorded at all well ch...'. Below this, the 'History Data' table shows 'Last Reviewed 10/06/2025 by JACKSO...'. The 'Living Situation' and 'Barriers to Learning' sections are expanded, showing 'Home indep... 04', 'None evident 05', and 'None evident 05'. The 'Sexual' section is highlighted, containing the following fields and options:

- Sexually active: No Yes
- First active at age: Age Year(s)
- Current partners:
- Number of lifetime partners:
- Sexual Orientation:
 - Bisexual
 - Choose not to disclose
 - Don't know
 - Heterosexual
 - Homosexual
 - Lesbian, gay or homosexual
 - Something else, please describe
 - Straight or heterosexual
 - Transgender
 - Sexually attracted to neither male nor female sex...
- If patient identifies as transgender, please select:
 - Female-to-Male (FTM)/ Transgender Male/Tran...
 - Male-to-Female (MTF)/ Transgender Female/Tr...
 - Genderqueer, neither exclusively male nor female
 - Non-binary
 - Choose not to disclose
 - Addtl gender category or other, please specify
 - Identifies as male

Buttons for 'OK' and 'Cancel' are visible at the bottom right.

EHR Updates

Week of October 9 – October 15, 2025

WHY: These updates are being implemented to ensure compliance with regulatory requirements and to maintain Oracle's certification as a **Certified Electronic Health Record Technology (CEHRT)** system. Aligning with these standards is essential for continued system integrity and regulatory readiness.

WHEN: Monday, October 20, 2025

WHERE: The change will affect the following venue(s):

- Acute/Inpatient (to include ED & Peri-Op)
- Ambulatory/WIC

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo)

WHO: The change will affect the following staff at the above noted locations:

- All Clinical Staff

New PowerForm Update: Patient Centered Disability Questionnaire – effective 10/20/25

WHAT: A new **Patient-Centered Disability Questionnaire** will be available for staff to complete. This will be accessed through the AdHoc folder within the **Patient Centered Disability Questionnaire folder**. This includes:

Patient Centered Disability Questionnaire

The screenshot shows a web-based form titled "Patient-Centered Disability Questionnaire". At the top, it indicates the form was performed on 10/02/2025 at 14:25 EDT. The form is divided into three columns of questions, each with radio button options for "Yes" and "No".

Are you deaf, or do you have serious difficulty hearing? <input type="radio"/> Yes <input type="radio"/> No	Are you blind, or do you have serious difficulty seeing, even when wearing glasses? <input type="radio"/> Yes <input type="radio"/> No	Because of a physical, mental, or emotional condition, do you have serious difficulty concentrating, remembering, or making decisions? (5 years old or older) <input type="radio"/> Yes <input type="radio"/> No
Do you have serious difficulty walking or climbing stairs? (5 years old or older) <input type="radio"/> Yes <input type="radio"/> No	Do you have difficulty dressing or bathing? (5 years old or older) <input type="radio"/> Yes <input type="radio"/> No	Because of a physical, mental, or emotional condition, do you have difficulty doing errands alone such as visiting a doctor's office or shopping? (15 years old or older) <input type="radio"/> Yes <input type="radio"/> No
Using your usual language, do you have difficulty communicating (for example, understanding or being understood)? <input type="radio"/> Yes <input type="radio"/> No	Do you have difficulty reading or writing? <input type="radio"/> Yes <input type="radio"/> No	Due to a disability, do you need any additional assistance or accommodations during your visit? <input type="radio"/> Yes <input type="radio"/> No

CUBS (Comprehensive Universal Behavior Health Screen) Disability Status

The screenshot shows a web-based form titled "CUBS Disability Status". At the top, it indicates the form was performed on 10/02/2025 at 14:25 EDT. The form contains a single question with five radio button options.

CUBS Disability Status

- I'm thriving - no identified disability
- I'm building capacity - I have an asymptomatic condition controlled by services or medication
- I'm safe - I rarely have acute or chronic symptoms affecting housing, employment, social interactions, etc.
- I'm vulnerable - I sometimes or periodically have acute or chronic symptoms affecting housing, employment, social interactions, etc.
- I'm in crisis - acute or chronic symptoms affecting housing, employment, social interactions, etc.

WHY: These updates are being implemented to ensure compliance with regulatory requirements and to maintain Oracle’s certification as a **Certified Electronic Health Record Technology (CEHRT)** system. Aligning with these standards is essential for continued system integrity and regulatory readiness.

WHEN: Monday, October 20, 2025

WHERE: The change will affect the following venue(s):

- Ambulatory

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo)

EHR Updates

Week of October 9 – October 15, 2025

WHO: The change will affect the following staff at the above noted locations:

- All Staff with access to AdHoc

Goals and Interventions and Health Concerns MPage Component Update – effective 10/20/25

WHAT: Social Determinants of Health (SDOH) content has now been integrated into key components of the patient chart: **Goals and Interventions** and **Health Concerns**. The enhancement supports a more patient-centered care planning.

Goals and Interventions Component

- A brief description related to SDOH will trigger a dropdown menu for selecting a relevant goal. To document within the Interventions section, select the + sign to open the text box. This is a manual process, allowing care teams to tailor entries based on individual patient needs.

The screenshot displays the 'Goals and Interventions' interface. At the top, there's a header 'Goals and Interventions' with a '+ All Visits' button and a refresh icon. Below the header, a 'No results found' message is visible. A 'Media Gallery' link and 'Filters applied (View)' are also present. The main content area is titled 'Edit Goals and Interventions'. It features a 'Goal' section with a 'Goal Description' dropdown menu. The dropdown is open, showing options: 'Housing', 'Coordinate resources address housing instability (procedure)', 'Housing adequate (finding)', 'Housing problem solved (finding)', and 'Housing security (finding)'. Below the goal section is the 'Interventions' section. It includes a search box for interventions, a list of interventions (currently showing 1 item), and several filter fields: Source, Category, Status, Frequency, Owner, Target, and Confidence Level. A '+ Intervention' button is located at the bottom left of the interventions section.

Health Concerns Component

- A dropdown is available to select appropriate health concerns. Users can also enter a brief description below the selection to provide additional context.

The screenshot shows a web application window titled "Health Concerns (0)". On the left side, there is a sidebar with a tree view containing "Active (0)" (with "No results found" below it) and "Resolved (0)". Below this is a section for "Order Profile (38)" with a list of orders, including "Admission Order (DX)". The main content area is a form for adding a health concern. It has a "Save" button and a "Cancel" button at the top. The form includes a "Category" dropdown menu currently set to "Behavioral", an "Onset Date" field with a calendar icon set to "10/06/2025", and a large "Description" text area highlighted in yellow. There is also a "Comments" text area and a "Source" dropdown menu at the bottom set to "Patient".

WHY: These updates are being implemented to ensure compliance with regulatory requirements and to maintain Oracle’s certification as a **Certified Electronic Health Record Technology (CEHRT)** system. Aligning with these standards is essential for continued system integrity and regulatory readiness.

WHEN: Monday, October 20, 2025

WHERE: The change will affect the following venue(s):

- Acute/Inpatient (to include ED & Peri-Op)
- Ambulatory/WIC

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo)

WHO: The change will affect the following staff at the above noted locations:

- All Clinical Staff
-

EHR Updates

Week of October 9 – October 15, 2025

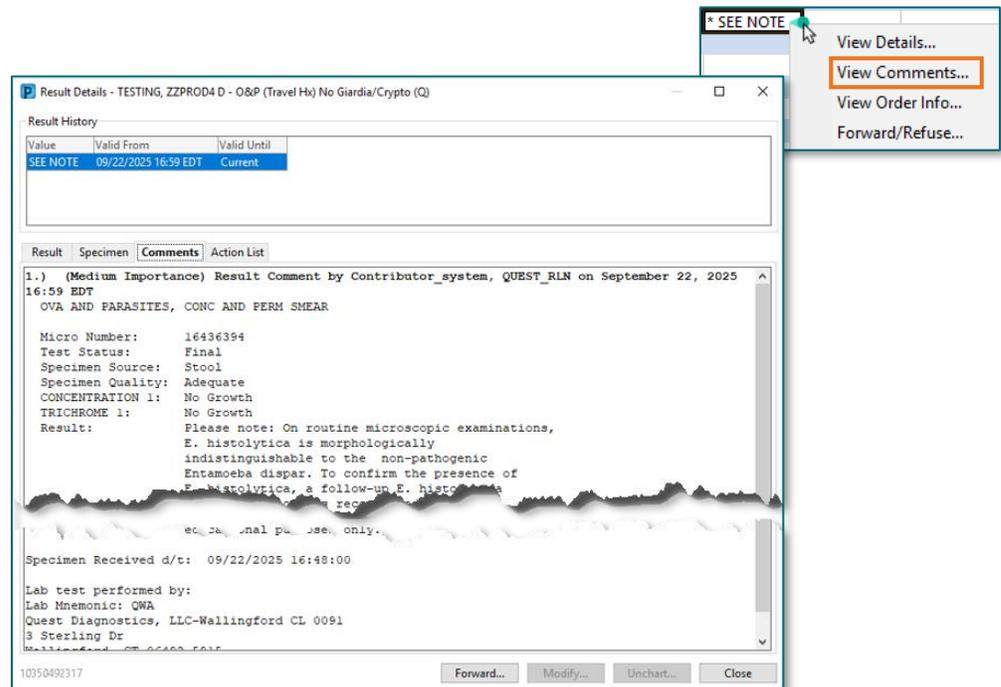

Inpatient Only

Ova and Parasite Comprehensive

WHAT: **Ova and Parasite Comprehensive testing** will now be sent to Quest Diagnostics. Results will be returned to the chart as a non-discrete entry and will appear as ***SEE NOTE**.

Results will display under the comments for the result. To view the results:

- Right-click ***SEE NOTE** and select **View Comments**.

WHY: Continue alignment with Quest Diagnostics.

WHEN: Thursday, October 9, 2025

WHERE: The change will affect the following venue(s):

- Acute/Inpatient (to include ED & Peri-Op)

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo)

WHO: The change will affect the following staff at the above noted locations:

- Clinical Staff
- Providers

Goals and Interventions and Health Concerns MPAGE Component Update – effective 10/20/25

WHAT: Social Determinants of Health (SDOH) content has now been integrated into key components of the patient chart: **Goals and Interventions** and **Health Concerns**. The enhancement supports a more patient-centered care planning.

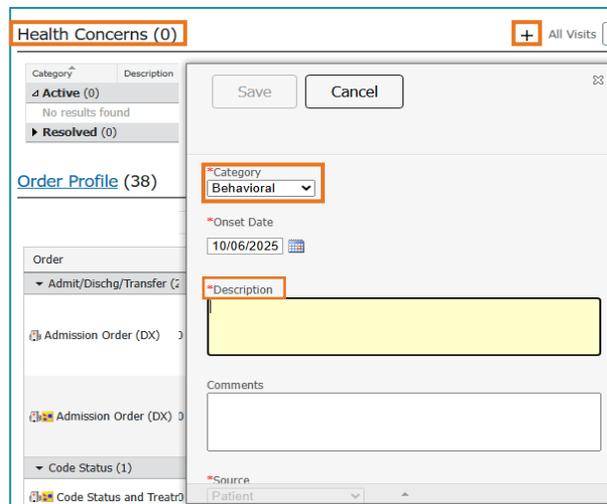

Goals and Interventions Component

- A brief description related to SDOH will trigger a dropdown menu for selecting a relevant goal. To document within the Interventions section, select the + sign to open the text box. This is a manual process, allowing care teams to tailor entries based on individual patient needs.
-

Health Concerns Component

- A dropdown is available to select appropriate health concerns. Users can also enter a brief description below the selection to provide additional context.

WHY: These updates are being implemented to ensure compliance with regulatory requirements and to maintain Oracle’s certification as a **Certified Electronic Health Record Technology (CEHRT)** system. Aligning with these standards is essential for continued system integrity and regulatory readiness.

WHEN: Monday, October 20, 2025

EHR Updates

Week of October 9 – October 15, 2025

WHERE: The change will affect the following venue(s):

- Acute/Inpatient (to include ED & Peri-Op)
- Ambulatory/WIC

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo)

WHO: The change will affect the following staff at the above noted locations:

- All Clinical Staff

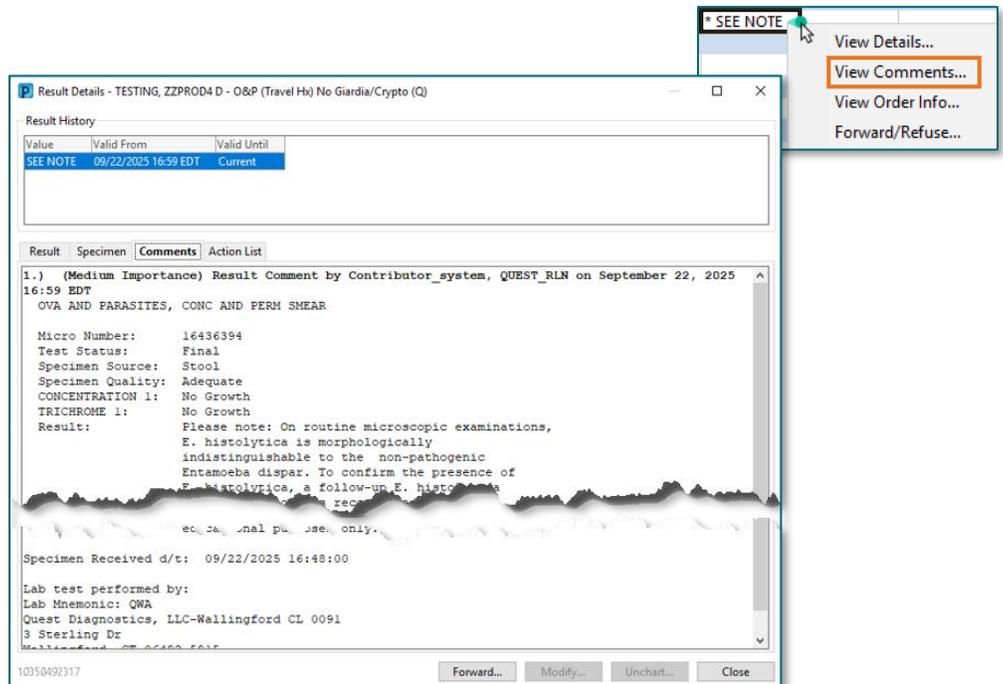

Emergency

Ova and Parasite Comprehensive

WHAT: Ova and Parasite Comprehensive testing will now be sent to Quest Diagnostics. Results will be returned to the chart as a non-discrete entry and will appear as ***SEE NOTE**.

Results will display under the comments for the result. To view the results:

- Right-click ***SEE NOTE** and select **View Comments**.

WHY: Continue alignment with Quest Diagnostics.

WHEN: Thursday, October 9, 2025

WHERE: The change will affect the following venue(s):

- Acute/Inpatient (to include ED & Peri-Op)

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo)

WHO: The change will affect the following staff at the above noted locations:

- Clinical Staff
- Providers

PowerForm Update: Pregnancy Status & Pregnancy Intention – effective 10/20/25

WHAT: To improve consistency and data quality across clinical documentation, the **Pregnancy Status** field in Adhoc forms will be updated to reflect a standardized nomenclature. The change ensures alignment with clinical best practices and reporting requirements.

Additionally, a new field, **Pregnancy Intention**, will be introduced. The field will capture the patient’s reproductive goals and intentions, supporting more personalized and proactive care planning.

Pregnancy Status

- Will use a standardized terminology:

Current:

Pregnancy Status	
<input type="radio"/>	Patient denies
<input type="radio"/>	Possible unconfirmed
<input type="radio"/>	Confirmed positive

New:

Pregnancy Status	
<input type="radio"/>	Unknown
<input type="radio"/>	Not pregnant
<input type="radio"/>	Possible pregnancy
<input type="radio"/>	Currently pregnant

EHR Updates

Week of October 9 – October 15, 2025

Pregnancy Intention

New:

Pregnancy Intention (ref)	
<input type="radio"/>	Not sure of desire to become pregnant
<input type="radio"/>	Ambivalent about becoming pregnant
<input type="radio"/>	No desire to become pregnant
<input type="radio"/>	Wants to become pregnant

WHY: These updates are being implemented to ensure compliance with regulatory requirements and to maintain Oracle's certification as a **Certified Electronic Health Record Technology (CEHRT)** system. Aligning with these standards is essential for continued system integrity and regulatory readiness.

WHEN: Monday, October 20, 2025

WHERE: The change will affect the following venue(s):

- Acute/Inpatient (to include ED & Peri-Op)
- Ambulatory/WIC

At the following NLH Member Organization(s):

- All NLH Hospitals (excluding Mayo)

WHO: The change will affect the following staff at the above noted locations:

- All Clinical Staff
-

PowerForm Update: Sexual Orientation & Gender Identity – effective 10/20/25

WHAT: The **Social History** section of all Adhoc forms has been updated to include two additional response options under the **Self-described Sexual Orientation** question, located in the **Sexual Orientation and Gender Identity**. The enhancement promotes more inclusive and comprehensive data collection.

Sexual Orientation and Gender Identity

The screenshot displays the 'Social History' section of an EHR form. A red banner at the top reads '* * Secondhand Smoke Recorded at all well c...'. The 'History Data' section includes 'Living Situation' (Home indep... 04) and 'Barriers to Learning' (None evident 05). The 'Sexual' section contains the following fields and options:

- Sexually active: No Yes
- First active at age: Age Year(s)
- Current partners:
- Number of lifetime partners:
- Sexual Orientation:
 - Bisexual
 - Choose not to disclose
 - Don't know
 - Heterosexual
 - Homosexual
 - Lesbian, gay or homosexual
 - Something else, please describe
 - Straight or heterosexual
 - Transgender
 - Sexually attracted to neither male nor female sex...
- If patient identifies as transgender, please select:
 - Female-to-Male (FTM)/ Transgender Male/Tran...
 - Male-to-Female (MTF)/ Transgender Female/Tr...
 - Genderqueer, neither exclusively male nor female
 - Non-binary
 - Choose not to disclose
 - Addl gender category or other, please specify
 - Identifies as male

Buttons for 'OK' and 'Cancel' are visible at the bottom right.

WHY: These updates are being implemented to ensure compliance with regulatory requirements and to maintain Oracle's certification as a **Certified Electronic Health Record Technology (CEHRT)** system. Aligning with these standards is essential for continued system integrity and regulatory readiness.

WHEN: Monday, October 20, 2025

WHO: The change will affect the following staff at the above noted locations:

- All Clinical Staff

Goals and Interventions and Health Concerns MPage Component Update – effective 10/20/25

WHAT: Social Determinants of Health (SDOH) content has now been integrated into key components of the patient chart: **Goals and Interventions** and **Health Concerns**. The enhancement supports a more patient-centered care planning.

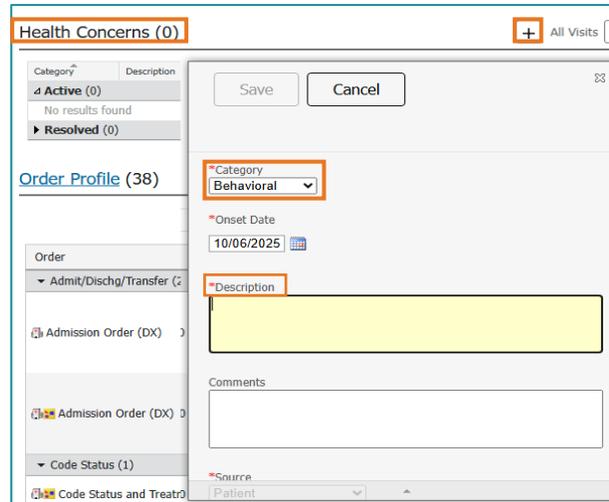

Goals and Interventions Component

- A brief description related to SDOH will trigger a dropdown menu for selecting a relevant goal. To document within the Interventions section, select the + sign to open the text box. This is a manual process, allowing care teams to tailor entries based on individual patient needs.

The screenshot shows the 'Goals and Interventions' interface. At the top, there is a header 'Goals and Interventions' with a '+ All Visits' button and a refresh icon. Below the header, there is a 'No results found' message and a 'Media Gallery' link. The main content area is titled 'Edit Goals and Interventions'. It is divided into two sections: 'Goal' and 'Interventions'. In the 'Goal' section, there is a 'Goal Description' field with the text 'Housing'. Below this, there is a dropdown menu with the following options: 'Coordinate resources address housing instability (procedure)', 'Housing adequate (finding)', 'Housing problem solved (finding)', and 'Housing security (finding)'. In the 'Interventions' section, there is a '+ Intervention' button. Below this, there is a search field for interventions. To the right of the search field, there are several dropdown menus for 'Source', 'Category', 'Status', 'Frequency', 'Owner', 'Target', and 'Confidence Level'. The 'Status' dropdown is currently set to '--'. The 'Frequency' dropdown is currently set to '--'. The 'Owner' dropdown is currently set to '--'. The 'Target' dropdown is currently set to '--'. The 'Confidence Level' dropdown is currently set to '--'. There is also a 'Target' checkbox and a 'Confidence Level' dropdown menu.

Health Concerns Component

- A dropdown is available to select appropriate health concerns. Users can also enter a brief description below the selection to provide additional context.

WHY: These updates are being implemented to ensure compliance with regulatory requirements and to maintain Oracle’s certification as a **Certified Electronic Health Record Technology (CEHRT)** system. Aligning with these standards is essential for continued system integrity and regulatory readiness.

Rehab Charge Documentation Update – effective 10/21/25

WHAT: The **Hybrid Time Based Charges** section is being **removed** from all **Rehab Therapy documentation** forms.

How will I document the Hybrid Time Based Charges?

- The majority of those charges are being added if not already present to the discipline specific **Time Spent With Patient** section in all Rehab Therapy documentation forms.
Charge items that are no longer billable or are inactive were not moved over.

NOTE: All charges on the **Time Spent with Patient** section have been mapped to all Member Organizations.
