

Barcode Medication Administration (BCMA) for CA Dean Specialty Locations

WHEN: Monday, September 21, 2026

WHERE: The change will affect the following venue(s):

- Ambulatory

At the following NLH Member Organization(s):

- CA Dean
 - Diabetes & Endocrinology – Greenville
 - Diabetes & Endocrinology - Sangerville
 - Greenville Podiatry
 - Sangerville Podiatry
 - Specialty Clinic Greenville Family Practice
 - Urology - Sangerville

WHO: The change will affect the following staff at the above noted locations:

- MAs
- Nursing
- Providers

WHAT: On Monday, September 21, the indicated locations at CA Dean will implement BCMA functionality within the Oracle Health EHR environment. BCMA systems allow caregivers to electronically validate patient and medication information prior to administration to avert medication errors.

NOTE: For more information on the BCMA Workflow, please reference the [flyer](#).

WHY: Barcode medication administration improves patient safety and ensures that we meet the 5 Rights of Medication Administration: right patient, right medication, right dose, right route, and right time.

****PLEASE NOTE: This mailbox is not monitored.****
