

Communication Orders within the MED Ortho Admit and OB Post-Op GYN Order Sets allow providers to communicate that patients are planned for an extended recovery past midnight after their surgical procedure.

NOTE: For Outpatient Extended Recovery if patient is leaving before midnight, Nurse will call pharmacy to move Post Op medications to Med Surg Pyxis for availability while patient is briefly in Med-Surg. The Communication Orders below will not be used unless patient is staying past midnight.

Communication Orders within Order Sets

➤ MED Ortho Admit Order Set MAYO (planned state).

MED Ortho Admit Order Set MAYO (Planned Pending)		
Admission/Transfer/Discharge		
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/> Resuscitation Status	Select an order sentence
