New Quest Discrete Micro Orders – EMMC Amb Office and Mercy Yarmouth1

New Quest Discrete Micro Orders – EMMC Amb Office and Mercy Yarmouth

- If a provider places a Quest Micro Order and the patient is having a lab collected in the Webber building, including the practices located in Webber, the EMMC Webber lab will process these specimens and they will not go to Quest.
- The above is also true for the Mercy Yarmouth practice when the patient presents to the Mercy MOB lab.

NOTE: Use NLH Non-RLN performing location for the Quest Micro orders for processing at a NLH Lab.
