

On October 12, Discharge Planners will be able to document care using one Table of Contents menu item called **Provider View CM** which will have all MPages available within that one view.

Provider View CM Overview

1. Provider View CM
2. Discharge Planning MPage
 - Use the Discharge Planning Component to access the Discharge Planning Ongoing Assessment BH.
3. Discharge MPage
 - Able to view follow-up appointments that have been arranged by the Clinical Associates.
4. Patient Info and Story MPage
 - Able to view Nursing Annotations on current encounter.

Discharge Planning Ongoing Assessment BH

Additional options for Discharge Services Arranged were added to the Discharge Planning ongoing Assessment BH form to capture services that Behavioral Health and Acute services would arrange for a patient. Additional options that are generally only applicable to Behavioral Health services have also been added to the form within the BH Discharge Services Arranged. This information will also populate to the Discharge Instructions that are provided to the patient.

Discharge Services Arranged				
<input type="checkbox"/> None	<input type="checkbox"/> Home health OT	<input type="checkbox"/> Homemaker	<input type="checkbox"/> New dialysis	<input type="checkbox"/> Public health
