**Northern Light Health**

The CareView Dashboard is an interactive visual management tool used during discharge progression huddles. Identified staff can access each unit's board to prioritize tasks on patients pending discharge in the DBN, R/Y/G and Milestones columns.
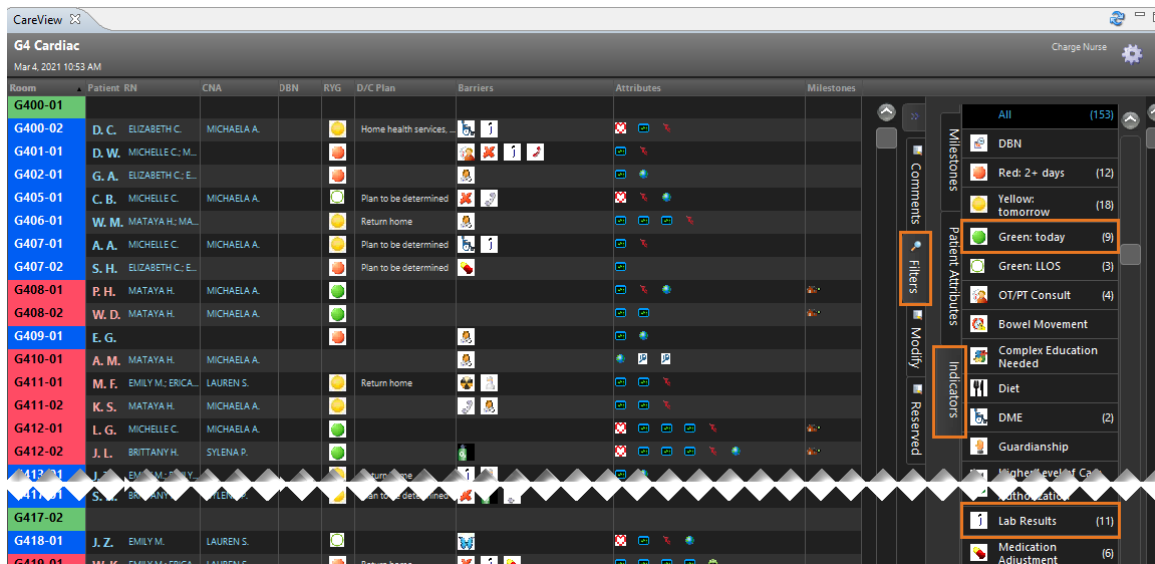

CareView Dashboard Access

A QuickLink is available allowing access to the dashboard from any device. Click the + to add to the list for ease of future access.

➤ From the Storefront, click the icon associated with the desired unit and enter your Cerner credentials.

Cerner CareView Dashboard

Clinical Informatics Support Page

Dashboard Overview

➤ Click the **Filter** tab, then select **Indicators** to choose which **Barrier** to display.

- For instance, click the *Green: today* option to view patients expected to discharge during the day, or the *Lab Results* to identify patients who may need a specimen collection.

- Once there, look for icons in the *DBN* column to prioritize tasks.

Pertinent columns

➤ RN and CNA: names of assigned staff in Clairvia will display.

➤ DBN: icon will display for patients expected to Discharge by Noon.

➤ R/Y/G: indicates discharge readiness, Red - two days; Yellow - one day; Green - ready to discharge.

➤ Attributes: patient attributes will align with Capacity Management icons.

➤ Milestones: icons relate to discharge progression, **Anticipated** – no dot or *In progress* – green dot.

For questions regarding process and/or policies, please contact your unit's Clinical Educator or Clinical Informaticist. For any other questions please contact the Customer Support Center at:
207-973-7728 or 1-888-827-7728.
