This flyer will demonstrate how to setup Navigator Bands in Interactive View and I&O (iView).

➤ **Adding/Removing iView Bands**

STEP 1: In the patient's chart, go to **Interactive View and I&O**.

STEP 2: To add navigator bands, from the top menu bar, go to View>**Layout**>**Navigator Bands**.

STEP 3: The Navigator Documents window will display.

- To Add Bands:
  - Highlight the desired band on the left under **Available Document Types** and use arrow to move to the right **Current Document Types**.
  - Use the up/down arrows on the right side of the window to move bands up or down within list.
- To Remove Bands:
  - Highlight band on the right under **Current Document Types** and use the arrow to move to the left **Available Document Types**.

STEP 4: Click **OK**.

STEP 5: A **Changes to Navigator Bands** pop-up window will display suggesting to close application. Click **OK**.

NOTE: **You do not need to close Millennium at this time for these changes to be made. Close the patient chart and reopen to see the newly added band.**

➤ **Resetting the iView Bands**

STEP 1: To reset the navigator bands, from the top menu bar, go to View>**Layout**> **Reset Navigator Bands**.

STEP 2: A **Changes to Navigator Bands** pop-up window will display suggesting to close application. Click **OK**.

STEP 3: Close the patient chart and reopen to see the defaulted bands for your area.
