

Holter, Event, and Mobile Cardiac Telemetry reports for AR Gould, Blue Hill, and Maine Coast Hospitals are resulted in the Vendor systems and imported into ECG Management. Results are viewable in the Diagnostic component on Workflow MPages. Ordering providers receive results in Message Center.

### Reviewing Holter/Event/MCT Results

**STEP 1:** Within the patient chart, navigate to the **Diagnostics** or **Imaging** component on the workflow MPage.

**STEP 2:** Click the order hyperlink for Holter/Event/MCT.

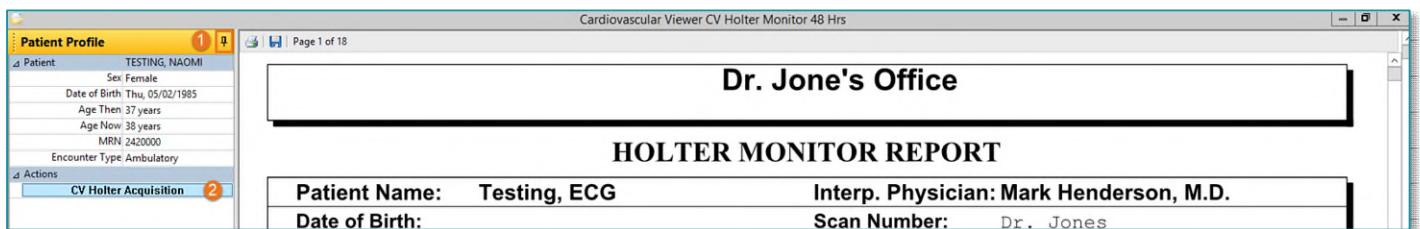

**NOTE:** The report appears blank, follow the steps below to view the report.

**STEP 3:** Click **Patient Profile** in the upper left corner.

**STEP 4:** Click the **Pin** icon to keep the Patient Profile open.

**NOTE:** Pinning the Patient Profile open one time sets the preference for the Patient Profile to default open on all Holter/Event/MCT results.

**STEP 5:** Click the **CV Acquisition** button to view the final report.

**NOTE:** Holter/Event/MCT results performed at ARG, BHH, and MCH are sent to ordering providers in message center. Click the Acquisition button to view the final report.
