Charge Viewer post documentation corrections

Launch Charge Viewer from Powerchart

The screenshot displays the Charge Viewer application interface. At the top, a menu bar includes options like Task, Edit, View, Patient, Chart, Links, Notifications, Options, Documentation, Orders, and Help. Below this is a toolbar with various icons and a search bar. The main header area shows patient information for ESTING, RTINLAND, including age (39 years), gender (Male), DOB (01/01/1980), MRN (2287867), and FIN (256285016). A blue arrow points to the 'Charge Viewer' button in the toolbar. The main content area is titled 'Interactive View and I&O' and shows a list of charges under the 'Respiratory Therapy' category. The charges are listed in a table with columns for description, status, and date/time.

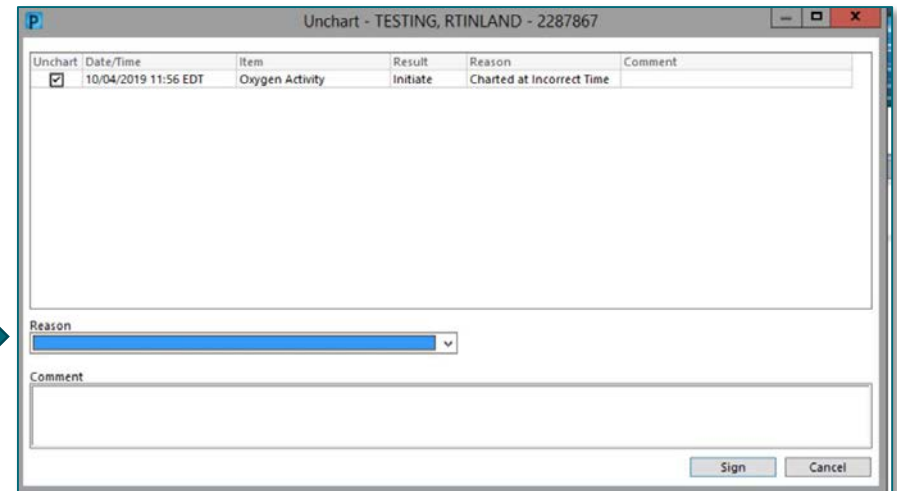

Charge Description	Status	Date/Time
Breath Sounds Assessment		10/04/2019 11:51 EDT
Breath Sounds Auscultated		
O2 Therapy/Titration		
Oxygen Activity		
SpO2 Monitoring Frequency		
Oxygen Saturation	%SAT	
RT CHARGE Oximetry		
RT CHARGE 6 Minute Walk		
Oxygen Delivery		
Oxygen Flow Rate	L/min	
FIO2	%	
Oxygen Titration		
Humidification Therapy		
Temp Inspired Gas	DegC	
Humidifier Water Level		
Oxygen Treatment Response		
Oxygen Untoward Symptoms		
Untoward Symptoms Effects Oxygen Therapy		

Uncharting/Modifying documentation from Iview

Right click on cell to modify/unchart

Enter reason for uncharting DTA

Charge viewer credits

Expand to see charge credits in red. If modifying you will see new charge in black and posted as a debit.

Organizer: Stefanik, Shannon L

Charge Reconciliation Report

- This is accessed through the Discern Reporting Portal in Powerchart

Charge Reconciliation

Required fields

➤ Posted Date

- *Add the date you documented in*

In Iview.

➤ Select Activity Type

- *Respiratory Procedures/Treatments*

➤ Select Facility

- *Pick your hospital*

The screenshot displays a web-based interface for charge reconciliation. It includes several input fields and dropdown menus:

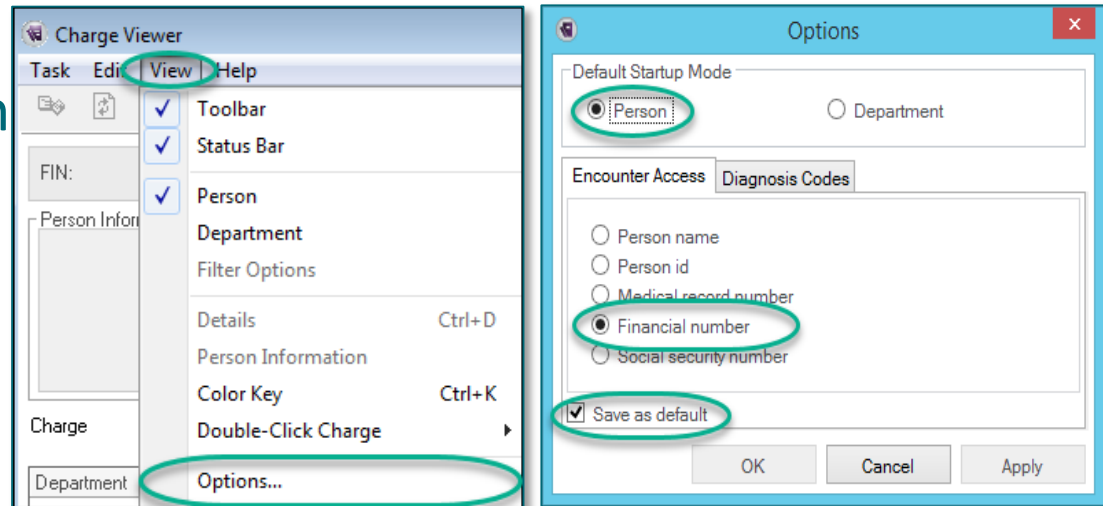

- Output to File/Printer/MINE:** A dropdown menu set to "MINE".
- *Enter beginning posted date:** A date field set to "10/04/2019".
- *Enter ending posted date:** A date field set to "10/04/2019".
- Select a catalog type:** A dropdown menu.
- Select an activity type:** A list of activity types with checkboxes. "Respiratory Procedures/Treatments" is selected.
- Select sort by patient name, activity type or entering ID:** A dropdown menu.
- *Facility:** A list of facilities with checkboxes. "EMMC" is selected.
- Display Clinical Indicator:** A dropdown menu.
- Spreadsheet:** A checkbox that is currently unchecked.

FAQ's

- **Do not credit anything in charge viewer.**
 - Only modify or unchart DTA's in Iview. This sends the corrections automatically to charge viewer.
- **My charges in Charge Viewer are only showing as .01, is this correct?**
 - This is correct. All charges show in charge viewer as a .01 per unit. The actual price of the charge will be assigned once the charge interfaces to the billing system.
- **Will any charges be under Power Forms?**
 - Yes, there is a charge under the respiratory therapy assessment (score) Power form and under the ABG draw Power Form

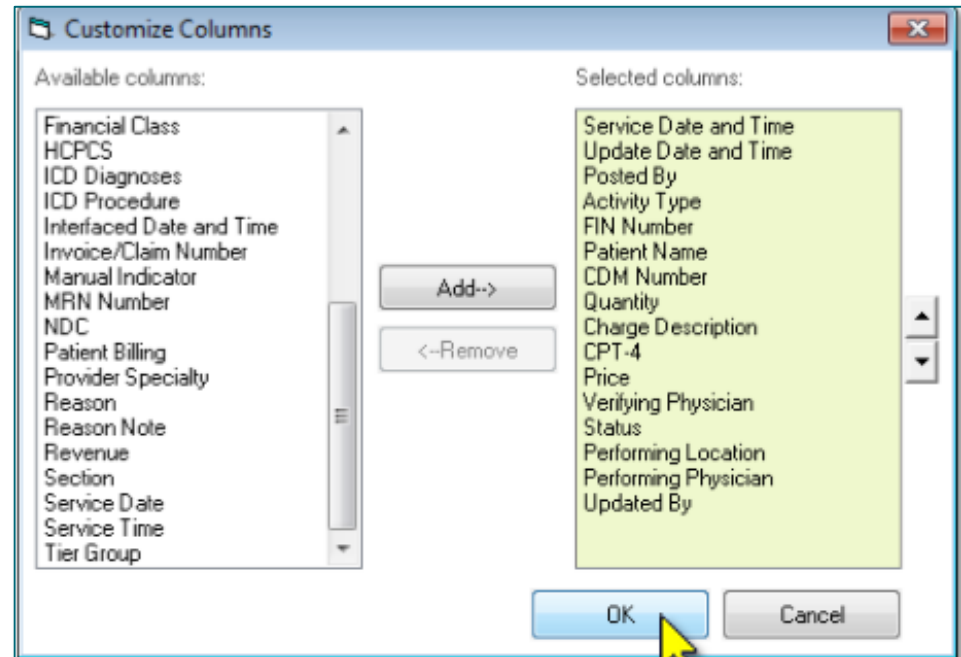

Setting up Charge Viewer filters

- View Options
- Default Mode: Person
- Financial Number
- Save as Default
- Ok

Charge Viewer Filters-continued

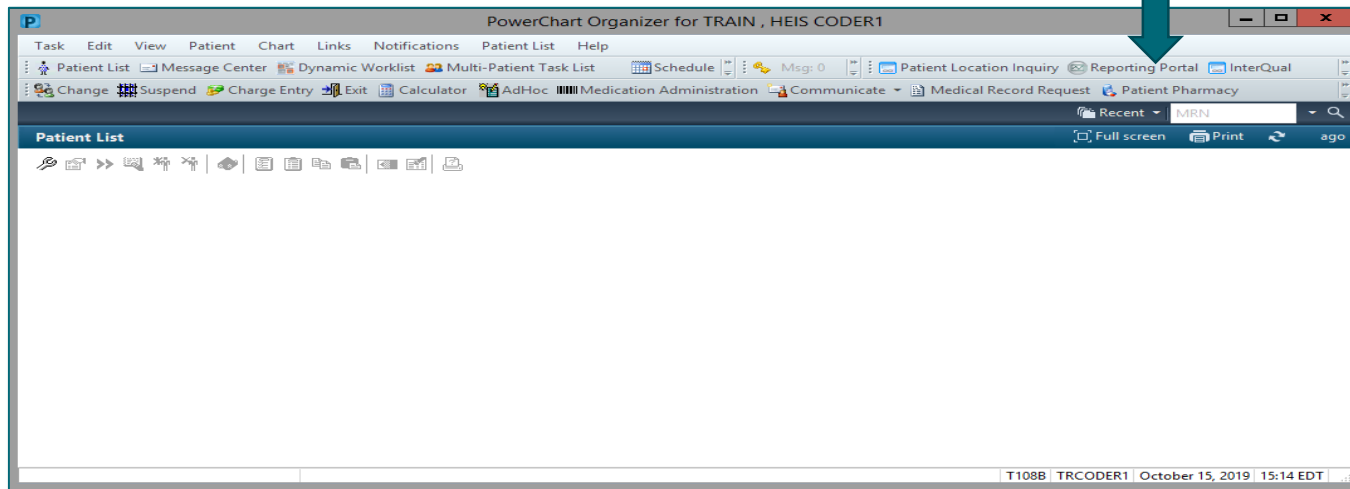

➤ Task > Customize Columns

➤ After you columns are select > Ok > Task > Reset column widths

Charge Reconciliation Report

- Select Reporting Portal in Powerchart

- In the Search field type in charge recon, next to the report that says Providers/Orders, select the Star.
