**VisualDx is a diagnostic clinical decision support site designed to enhance diagnostic accuracy, aid therapeutic decisions, and improve patient safety. VisualDx offers providers a medical image library, chief complaints, diagnoses, and drug reactions, as well as, a custom patient-specific differential diagnosis builder. Quick access to VisualDx is offered to providers in Millennium via a toolbar button and on mobile devices and offers the earning of CMEs.**

Initial Set Up of VisualDx

To set up accounts, providers need to initially access VisualDx from a NLH IP authenticated computer, Wi-Fi or VPN. Accounts can be created using the Quick Registration link: https://www.visualdx.com/institutional-signup.

Accessing VisualDx in Cerner Millennium

Quick access to VisualDx is also available to providers via their Cerner Millennium toolbar button link, as well as, by navigating to www.visualdx.com.

Mobile Set Up of VisualDx

Once your NLH VisualDx account is set up, you can then download the mobile app via iTunes or Google Play. Once downloaded, enter your VisualDx username/password to access the application.
