

The Asthma Action Plan is education provided to families regarding treatment of their child's asthma. The component is available for both inpatient and ambulatory providers.

## Asthma Action Plan

The **Asthma Action Plan** component can be found on certain Workflow MPages.

**STEP 1:** Use the plus sign (+) to create a new **Asthma Action Plan**.

Title	Status	Date	Asthma Control Test (ACT) Score
Asthma Action Plan	In Progress	01/13/2022 09:44	

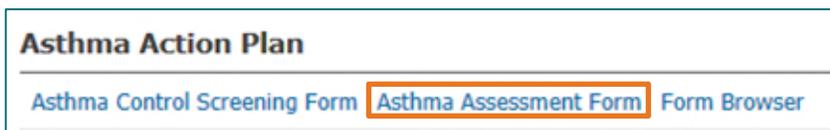

**STEP 2:** Complete the **Asthma Control Screening Form** by clicking the blue hyperlink.

**STEP 5:** Complete each zone and address medications as appropriate for each zone.

The screenshot shows the 'Asthma Action Plan' form with three zones: Green, Yellow, and Red. Each zone has a set of symptoms and a medication requirement section. The Green Zone is highlighted in green and has a 'Go!' icon. The Yellow Zone is highlighted in yellow and has a 'Caution!' icon. The Red Zone is highlighted in red and has an 'Emergency!' icon. Each zone has a 'Are medications required for this zone?' question with 'Yes' and 'No' radio buttons. The Green Zone also has a note: '\* Document at least one medication in the Green Zone before signing the AAP.' The Yellow Zone has a note: '\* Quick Relief Medication: Organizational-defined default Medications for this zone are currently not present on the Medication List.' The Red Zone has a note: '\* Emergency Medication: Organizational-defined default Medications for this zone are currently not present on the Medication List.'

**STEP 6:** Complete follow-up and school authorization section, if indicated.

The screenshot shows the 'Special Instructions' section with a text input field. Below it is the 'Follow Up' section with three radio buttons: 'In', 'On', and 'Other'. The 'In' radio button is selected, and a dropdown menu shows '1 Hours'. The 'On' radio button has a date input field with a placeholder '-- / -- / --'. The 'Other' radio button has a text input field with a placeholder 'Add follow up instructions'. Below the radio buttons are two checkboxes: 'Follow up with a non-primary care provider' (unchecked) and 'Include school authorization section' (checked).

**STEP 7:** Select **Language** to print: **English** or **Spanish**.

The screenshot shows a dropdown menu for 'Select language to print:'. The menu is open, showing two options: 'English - United States' and 'Spanish - Español'. The 'English - United States' option is currently selected.

**STEP 8:** **Sign & Print** Asthma Action Plan.

The screenshot shows four buttons: 'Sign & Print', 'Print Preview', 'Save', and 'Cancel'. The 'Sign & Print' button is highlighted with a blue border.

➤ Previous Action Plans can be viewed in the **Asthma Action Plan** component and be reprinted or modified by selecting the **Asthma Action Plan**.
