

When placing a Referral Order for Nutrition Therapy only, providers will use the Referral Order – Nutrition Therapy. The required information for a Nutrition Therapy Referral is included as part of the referral packet sent when the referral is processed.

Nutrition Therapy/Dietitian Referral Order Process

➤ Placing a Nutrition Therapy/Dietitian Referral Order

STEP 1: From the Quick Orders MPage, go to the Referrals section.

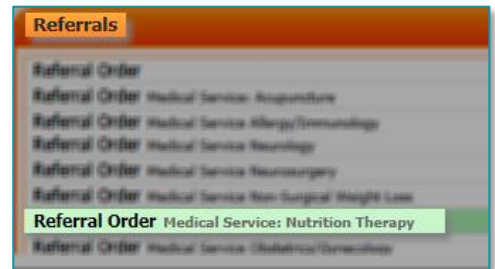

STEP 2: Click on Referral Order – Medical Service: Nutrition Therapy.

STEP 3: Go to Orders for Signature .

STEP 4: Click **Modify Details** to complete the required fields.

STEP 5: After completing required fields, click **Sign**.

STEP 6: The Referral order will now populate to the Referral Management worklist for staff to start processing the referral.

IMPORTANT: This order is **NOT** to be used when placing a Referral Order for Diabetes Education, as the Discern Alert window that appears to prompt providers to fill out the Referral Order Form will **ONLY** appear if the Referral Order - Diabetes Education/Nutrition is ordered. This form provides the receiving practice the required information needed for a complete referral for Diabetes Education.
