---

Signed ECGs will populate Results Callback for WIC Providers to follow up on ECG results.

Results Callback

Signed ECG notifications are available within **Results Callback** in the toolbar. Providers should review the studies and document as appropriate.

STEP 1: Click **Results Callback** button from the toolbar.

> ■ Choose **WIC Radiology Results** in the **Criteria Lists** drop down. Then, select the desired Facility and Location. Select **Update List** to populate results.

Results Callback

Criteria Lists	Facilities	Locations
WIC Radiology Results	NL WALK IN CARE ELLSWORTH	NL Walk In Care Ellsworth

Callback List	Completed Callbacks

Patient Name		Result	
TESTING, MAIS10	▶	CV ECG --	Signed
TESTING, BRIAN	▶	CV ECG --	Signed
TESTING, CIBONNIE	▶	CV ECG --	Signed

STEP 2: Click the patient's name to navigate to their chart.

STEP 3: From the **WIC Workflow** MPage select the **Diagnostics** component.

STEP 4: Click the **CV ECG** hyperlink to view the ECG interpretation.

STEP 5: Navigate to **Results Callback** to document on the Results Callback form, as necessary.
